Affiliated to Dr. Y.S.R. University of Health Sciences, A.P. Vijayawada.

FEEDBACK POLICY

At Sree Narayana Nursing College, we remain dedicated to providing quality education and creating a supportive learning environment. To reinforce this commitment, we have established a comprehensive feedback mechanism that seeks input from a wide range of stakeholders, including students, faculty, employers, alumni, and professionals on an annual basis. Feedback forms are distributed to all stakeholders, and after collecting responses, we conduct a thorough analysis. We carefully assess the feedback and valuable suggestions received, taking necessary actions as appropriate. Following this, a detailed report on actions taken is compiled and presented to the relevant authorities for further review and consideration.

FEEDBACK MECHANISM:

The below process will be followed every academic year for collection of feedback and analysis.

Feedback collected from the below stakeholders,

- Students
- Teachers
- Employers
- Alumni
- Professional

➢ Feedback is systematically gathered from various stakeholders, including students, teachers, employers, alumni, and professionals, ensuring a comprehensive understanding of the institution's performance and areas for improvement.

➢ Each year, stakeholder questionnaires are meticulously reviewed and updated through proper channels, ensuring relevance and effectiveness in capturing meaningful feedback.

- Utilizing Google Forms, feedback forms encompassing curriculum-based and ambiance related questions are created, and unique links are generated for distribution to stakeholders.
- These feedback links are disseminated through the institution's website (www.acet.edu.in), providing stakeholders with easy access to the feedback process within specified timelines allocated for data collection.
- Stakeholders are requested to rate each question using a predefined scale (e.g, Excellent, Very Good, Good, Fair, Poor), with performance targets set at a threshold (e.g., 80% of responses falling under Excellent and Very Good).
- Feedback collected from stakeholders is consolidated and subjected to rigorous analysis.
- Department-wise and stakeholder-wise reports are generated, facilitating in-depth insights

into strengths and areas needing improvement.

  - The analysis reports are deliberated upon in department meetings, involving the department's Internal Quality Assurance Cell (1QAC) Coordinator. Necessary actions and strategies are devised based on the findings to address identified areas for enhancement and to uphold institutional standards.
