4.2.4 Details of Rural and Urban Health Centers involved in Teaching Learning activities and student participation in such activities

Community learning activities

The institution provides wide range of community-based teaching learning activities for both UG and PG students as a part of curriculum.

The activities such as home visiting, observation visits, field visits, projects, home based care, surveys, family education, National day celebration and awareness programme, outreach clinicals, health exhibitions, school health programmes, nutritional day celebrations, health campaign etc. are conducted by the students regularly.

Community based teaching, learning exposure is provided in second and fourth year of the course. With 8 weeks of posting in various affiliated health centres and areas

Residential facility for students, trainees at the health centres are not using now due to the least distance from the area and hospital.

List of Community learning activities:
